

Start date 4 February, 2019

Kickoff day 1 February, 2019

End date 12 July, 2020

		Half term											Half term																
Term 1		04.02.2019	11.02.2019	18.02.2019	25.02.2019	04.03.2019	11.03.2019	18.03.2019	25.03.2019	01.04.2019	08.04.2019	15.04.2019	22.04.2019	29.04.2019	06.05.2019	13.05.2019	20.05.2019	27.05.2019	03.06.2019	10.06.2019	17.06.2019	24.06.2019	01.07.2019	08.07.2019	15.07.2019	22.07.2019			
Weeks	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26			
Monday	Kickoff day 01.02.2019	On-the-job activities (AI Company Strategy and Project Definition)											On-the-job activities (AI Company Strategy and Project Definition)																
Tuesday		Classroom-based training	M01 Practical course in Linear algebra and Probability Distance learning - 2 ECTS											Study break	Classroom-based training	M03 Signal processing Distance learning - 4 ECTS													
Wednesday			M02 Data structure and algorithms for AI Distance learning - 4 ECTS													M04 Foundations in statistics for AI Distance learning - 4 ECTS													
Thursday		On-the-job activities (AI Company Strategy and Project Definition)											On-the-job activities (AI Company Strategy and Project Definition)																
Friday		On-the-job activities (AI Company Strategy and Project Definition)											On-the-job activities (AI Company Strategy and Project Definition)																
Term 2		Half term											Half term																
Weeks	27	05.08.2019	12.08.2019	19.08.2019	26.08.2019	02.09.2019	09.09.2019	16.09.2019	23.09.2019	30.09.2019	07.10.2019	14.10.2019	21.10.2019	28.10.2019	04.11.2019	11.11.2019	18.11.2019	25.11.2019	02.12.2019	09.12.2019	16.12.2019	23.12.2019	30.12.2019	06.01.2019	13.01.2019	20.01.2019			
Monday	Holidays	Classroom-based training	M05 Open Science and Ethics Distance learning - 2 ECTS											Study break	Classroom-based training	On-the-job activities (AI Project Development)													
Tuesday			M06 Fundamentals in Machine Learning 1 Distance learning - 4 ECTS													M08 Fundamentals in Machine Learning 2 Distance learning - 4 ECTS													
Wednesday			M07 Introduction to Image Processing and Computer Vision Distance learning - 4 ECTS													M09 Introduction to Speech Processing Distance learning - 4 ECTS													
Thursday		On-the-job activities (AI Project Development)											On-the-job activities (AI Project Development)																
Friday		On-the-job activities (AI Project Development)											On-the-job activities (AI Project Development)																
Term 3		Half term											Half term																
Weeks	53	03.02.2020	10.02.2020	17.02.2020	24.02.2020	02.03.2020	09.03.2020	16.03.2020	23.03.2020	30.03.2020	06.04.2020	13.04.2020	20.04.2020	27.04.2020	04.05.2020	11.05.2020	18.05.2020	25.05.2020	01.06.2020	08.06.2020	15.06.2020	22.06.2020	29.06.2020	06.07.2020					
Monday	Holidays	On-the-job activities (AI Project Development)											Study break	Classroom-based training	A02 Multimodal computational sensing of people Distance learning - 2 ECTS														
Tuesday		Classroom-based training	M10 Deep Learning Distance learning - 4 ECTS												A03 Natural Language Processing Distance learning - 4 ECTS														
Wednesday			A01 Biometrics Distance learning - 4 ECTS												A04 Robotics Distance learning - 4 ECTS														
Thursday		On-the-job activities (AI Project Development)												On-the-job activities (AI Project Development)															
Friday		On-the-job activities (AI Project Development)												On-the-job activities (AI Project Development)
